GETTING STARTED

To run Oceans Below:

1. Turn on your 3DO Multiplayer.
2. Put the CD-ROM disc in the CD-ROM drive with the label side up.
3. To plunge into Oceans Below, select one of the icon images in the sand at the bottom of screen.

EXIT
Quit the program at any time.

HELP
Get information about using the program.

DIVE INFO
Learn about dive equipment and the dive environment.

WORLD MAP
Explore worldwide dive locations.

TREASURE CHEST
Look at the list of treasures you've collected so far.

Hint: Before you begin a dive, select the Dive flag to learn more about the sport of SCUBA. On the Dive Info screen, select any piece of equipment to find out about it, or select the book to learn details about the diving environment.

WORLD MAP

Whenever you choose the World Map icon, a schematic map appears.

You can click a bubble to go to a specific dive area. Click the World Map icon from any screen to return to the schematic map and choose another area.

REGIONAL MAPS

A regional map appears for some areas, so you can select a specific site to explore. From those sites you can choose either the World Map or Regional Map icon to go to another dive site.

From the World Map, you can select the magnifying glass to view a list of attractions and their locations.

TAKING A DIVE

You can explore dive areas in depth by selecting these images:

Binoculars - Topside Information
View an informational video about the dive area.

Fish - Sea Life Chart
Get more information about the sea life in a particular region.

Dive Mask - Begin Dive
Join your dive masters and obtain your dive briefing in preparation for descent.

Down Thumb - Descend
Start your diving adventures and get diving tips as you plunge deep into the sea.

Up Thumb - Ascend
When you're finished exploring underwater, make your way safely back to the boat.

Open Hand - Wait
This image indicates that the program is accessing information and data off the CD-ROM disc. Please wait.

To learn more about what you see underwater, move your cursor over the scene. When a dive masks appears, you can select those animals, plants, or objects of interest.

Hint: During your dive, if you look closely, you'll find buried treasure. Position your cursor arrow over the buried treasure and press the A button to explore.
